George Von Gehr Esq.
Langner, Parry, Card and Langner
Monadnock Block
Chicago 4, Illinois

Dear George:

We have your letter of July 13.

The claims you have prepared for the Australian case are approved. You are better acquainted than I am on the patent requirements of the individual countries. The suggestions for claim revisions on Sweden and Argentina look satisfactory to us. It will not be necessary to send us copies of the individual claims for each country. You can send a copy of all the papers filed when they are completed so that our files will be complete.

We are returning the executed papers needed for filing different cases which did not require the signature of an officer of the company. Those requiring a signature are being sent to New York and will be transmitted to you when we receive them.

If in going over the papers there are any changes or modifications, please let us know.

Very truly yours,

PHILIP MORRIS & CO. LTD., INC.
